Carpets Inter®

A woman with curly hair and sunglasses is looking out of a vehicle window. She is wearing a colorful patterned shirt and has her hand on the window frame. The background shows a landscape with hills and a sunset sky. The text 'DISCOVER' is overlaid on the right side of the image.

# DISCOVER

*Take a Journey of Discovery  
and write your own story.*

Throughout time, explorers have unearthed history, uncovered ancient civilisations and discovered beauty from our past. In every corner of the Earth lies a story to be found. Weathered structures from the past create timeless beauty and intrigue in every **Landmark**. Local Artisans weave a rich tapestry for us to **Discover** through every unique **Craft**.

Every journey tells its own story . . .

Undiscovered landscapes, undiscovered potential

What will you discover today?

**Discover** is a modular carpet tile collection inspired by the history and stories unravelled through the differences in culture and traditions around the world. The landmarks and crafts that define our past and help us determine our future

## LANDMARK

From the Eiffel tower in Paris, the statue of Liberty in New York, to the Great Pyramids of Egypt, we are inspired to travel and discover our own unique story at every landmark.

## CRAFT

Cultural identity and heritage are woven into traditional crafts. Life's rich tapestry of beauty and colour embedded into the fabric of society to help us celebrate our differences around the world together.

# LANDMARK

A palette of 9 colours to reflect the natural tones found in both nature and manmade landmarks which identify a place, a culture and its history.

# We will RECYCLE OVER 1,000,000,000 discarded PLASTIC BOTTLES by 2025

## EcoSoft®

### Sustainable Performance and Value

EcoSoft® is made from 80% post-consumer material reengineered from millions of discarded drinking water bottles, plus 5 to 10% post-industrial recycled PET. This environmentally friendly backing not only meets all the stringent performance criteria required for modular carpet, but consistently outperforms conventional PVC and bitumen hard back, as well as urethane cushion back in terms of durability, underfoot comfort, acoustical propensity and indoor air quality.

EcoSoft uses roughly 50 x 550 ml. recycled PET bottles for every square meter of product.

### EcoSoft® Outstanding Features

- > 85% recycled content backing
- > 100% recyclable
- > No PVC, Bitumen or Fiberglass content
- > Suitable for installation onto wet slab up to 99% RH
- > Superior Acoustical Propensity - outperforms hardback by 150% to 175% per Green Star IEQ10 internal noise level requirements
- > Excellent Dimensional Stability BS EN 986 less than 0.15%
- > Cushioning reduces wear and tear, fiber crush and user fatigue
- > EcoSoft® backed modular carpet product contributes up to 6 LEED points

In view of the superior properties outlined above, modular carpet with EcoSoft® backing is the ideal choice for Education facilities.

## EcoSquare®

### Sustainable Performance and Value

EcoSquare® is another step in Carpet Inter's ongoing Sustainability and Reclamation program, repurposing waste material into a recycled high performance modular carpet backing.

### EcoSquare® Outstanding Features

- > 63.5% recycled content backing
- > 100% recyclable
- > Meets Greenstar best practice guidelines
- > Free of toxic plasticisers and stabilisers
- > Excellent Dimensional Stability BS EN 986 less than 0.15%
- > EcoSquare® backed modular carpet product contributes up to 5 LEED points
