Upstream

c a r p e t t i l e

The EBB & FLOW of water continues as it flows from the smallest springs and creeks to the flowing rivers and oceans around the world. Going against the current is often the slower and harder path to take.

Upstream has been engineered to highlight how for more than a decade, Carpets Inter has diverted plastic waste from becoming part of this essential movement of water around our planet.

P L A S T

B O T T L E S

To date EcoSoft® has recycled over
700 MILLION PET BOTTLES
from polluting our planet...

BE A PART OF THIS MISSION!

EcoSoft® 100% Recyclable

FLOW

Using sustainable
'fit for purpose'
products into locations has
a positive impact on our
environment and the wellbeing
of our planet.

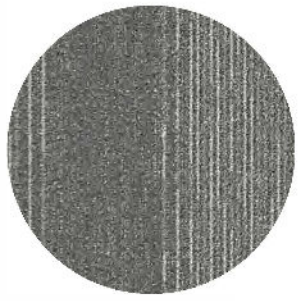

FW 02 BACKWASH

FW 05 DRIFT

The Upstream Collection features EBB and FLOW, two styles that offer high performance, functional aesthetics and great value.

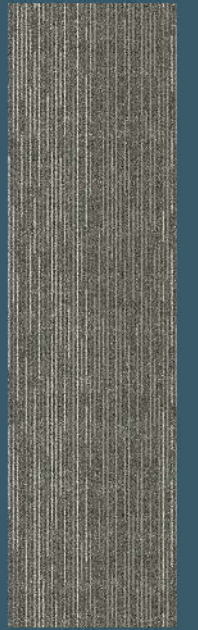

FW 03 WAKE

AT CARPETS INTER,

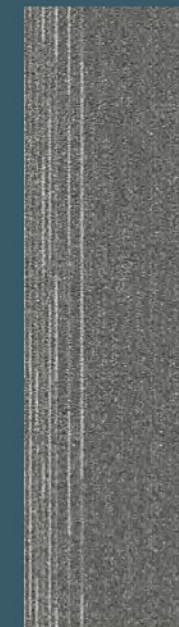

we create modular carpet that does more than just make the world more beautiful; we makes it more livable. We do this with products that utilize and incorporate recycled materials wherever feasible including our unique EcoSoft® backing fabricated from millions of recycled plastic bottles.
