SUNRISE

A stylized illustration of a woman's face, rendered in a light, almost white tone, positioned centrally. She has a large, vibrant sunflower on her head, which is the largest and most prominent flower in the composition. The background is a warm, orange-toned field of various sunflowers and green leaves, some in sharp focus and others blurred, creating a sense of depth and texture. The overall aesthetic is bright, cheerful, and evocative of a sunrise or a warm, sunny day.
